The Federal Communications Commission RE: Docket 04-435  
445 12th Street, SW  
Washington, DC 20554

Dear FCC Commissioners ,

I wish to express my strong opposition to the FCC's proposal to relax the restrictions on the use of cell phones on airplanes in flight.

I fly more than 100,000 miles per year, so this proposal is of major interest to me.

The introduction of cell phone use in the cabin will not only increase tension among passengers, it will compromise flight attendants' ability to maintain order in an emergency. Cell phone use could also enable terrorists to coordinate a plan of action more effectively.

Please leave the current rules in effect.

Sincerely,

Michael Burrell
